**Subject: The IOTC List of IUU Vessels**

Dear colleague,

As part of its approach to combat illegal, unregulated and unreported fishing, the IOTC compiles and maintains a list of vessels that have carried out IUU fishing, thereby undermining the Commission's management and conservation measures.

This process of compilation of the list is described in the Resolution 06/01: *'On Establishing a List of Vessels Presumed to Have Carried Out Illegal, Unregulated and Unreported Fishing in the IOTC Area'*. As part of this process, the Commission adopted the attached list, during its last Session which took place on March 30<sup>th</sup> – April 3<sup>rd</sup>, 2009.

For the purpose of enhancing the co-operation between IOTC and your organisation in order to prevent, deter and eliminate illegal, unreported and unregulated fishing, the current IUU list is attached to this letter.

Thank you very much for your kind attention to this matter.

Sincerely yours,

Alejandro Anganuzzi  
Executive Secretary
